Bioconcept

Leading Brand for Premium Dental Implants

Bioconcept is a world-class manufacturer of high quality, high-precision dental implants, prosthetics and surgical instruments for the global market. We offer two primary implant systems: **Bioconcept BV** with Tapered Bone Level implants, **Bioconcept BC** with Tissue Level (T-L), Bone Level (B-L), and Bone Level Tapered (B-L-T) implants. Bioconcept offerings are sold in 60+ countries, including USA, Canada, Germany, Italy, France, Australia and China.

We have fully integrated R&D, Production, QA/QC, Sales and Service Support, and utilize only the highest-quality raw materials from leading global suppliers (ZAPP and Sandvik). Our senior management team averages 25+ years of medical device expertise, previously having worked at leading MNCs, such as Medtronic, Johnson & Johnson, Baxter and Komatsu.

At Bioconcept our mission remains: "Benefit more people"

Ø (mm): 3.5 | 4.0 | 4.5 | 5.0 | 6.0 | 7.0
 L (mm): 7 | 8.5 | 10 | 11.5 | 13 | 15
 Ti Grade 4 (h6) (ZAPP) and S-L-A Surface

Tapered Bone Level

- Connection: Hexagon, 11° morse-taper
- Platform switching and open thread
- Double-lead thread
- Bi-thread center screw innovation
- Plug-in patented carrier

Prosthetics

Full-Line of Prosthetic Solutions

Single Tooth
Multi-Units
Full Denture
Full Overdenture

Surgical Kits

Best-in-Class Surgical Kits & Instruments

Surgical Kits

BV Guided

Mini Kits

Specialty Kits

- Implants
- Prosthetic
- Rescue
- Bone Expansion
- Bone Collector
- Sinus
- Osteo
- Surgery

Digital Solutions

Tibase

- Extended Prosthetics Solution
- Maximum Design Freedom

Indications: Single | Multi-
Fixation: Cement | Screw
Workflow: Traditional | Digital
Implant System: BC | BV
Platforms: NC | RC | RN | WN
Spiral groove: Straight

CAD/CAM Ti-Customized

- Highest Accuracy Guaranteed
- Best Solution for Aesthetics and LT Stability

Pre-Milled Abutments

- BC
- BV
- Dentium
- Nobel
- ICX
- MG
- Astra
